## **F 1C Visual Art morning talk script**

A&B: Good morning principal, teachers and fellow schoolmates

A: Hey Alice, how's your school life in YY2 so far?

B: Oh, I do enjoy it so much! I like visual art lessons most!

A: Can you tell me anything special in Visual Art lessons?

B: Lately, we made an indigenous mask using different materials. It is so much fun!

A: It sounds funny! Can you tell me more about that?

B: Sure. There is a long history in Africa. You know, there are different symbolic meanings on the masks.

A: I know! White means death and funeral, isn't it?

B: Clever you! What's more, green means wisdom and beauty! Red means integrity.

A: Wow. I am so jealous about your lessons! What else have you learnt?

B: Apart from making masks, we also learn pastel drawing and printmaking which is from Japan!

A: I really hope I can learn all these fun things with you!

B: Ha-ha. I can show you how to do it later in my house !:)

A: Thank you so much! Let's do it next Sunday?

B: No problem!

A&B: That's the end of our sharing. Thank you!
